

## Crossroads Venison Processing Policies

### Venison must be

- Boneless
- Cleaned
- In a disposable container

All orders are processed in the order they are received and are always processed separately.

Other wild game?  
We can help!

## Nice to MEAT you!

Meet the man behind the recipes, Jerry. Jerry Trochinski has over 45 years of experience in the grocery business. He has done it all...everything from stocking, meat cutting, deli management, catering, and decades of owning his own store. Jerry came to Crossroads with a wealth of knowledge and countless recipes that have come to be staples in our meat, deli, and bakery departments. Jerry's meats are not only fan favorites, but are also award winning!

When Jerry is not at Crossroads, he enjoys being outdoors, hunting, fishing, and gardening. He loves spending time with his wife Sheri and their children Toby and Emily and their families. Jerry has five grandchildren that keep him VERY active!

"I want us to be known for how we personalize everything and the satisfaction we provide; for the products we produce and the quality service our guests receive."

-Jerry
