

Crossroads Venison Processing Policies

Venison must be

- Boneless
- Cleaned
- In a disposable container

All orders are processed in the order they are received and are always processed separately.

Other wild game?
We can help!

Nice to MEAT you!

Meet the man behind the recipes, Jerry. Jerry Trochinski has over 45 years of experience in the grocery business. He has done it all in this time. Everything from stocking, to meat cutting, to deli management, to catering, and of course being a store owner. Jerry came to Crossroads with a wealth of knowledge and countless recipes that have come to be staples in our meat, deli, and bakery departments. Jerry's meats are not only fan favorites, but are also award winning.

When Jerry isn't at Crossroads, he enjoys being outdoors hunting, fishing, and gardening. He loves spending time with his wife Sheri and children Toby and Emily and their families. Jerry has five grandchildren that help to keep him VERY active!

"I want us to be known for how we personalize everything and the satisfaction we provide; for the products we produce and the quality service our guests receive."

-Jerry
