

Crossroads Venison Processing Policies

Venison must be boneless, cleaned, and in a disposable container.

All orders are processed in the order they are received and are always processed separately.

Prices subject to change without notice.

We can help!

Nice To MEAT you!

Meet the man behind the recipes, Jerry Trochinski. Jerry has over 45 years of experience in the grocery business. He has done it all in this time. Everything from stocking to meat cutting, deli management, catering, and of course being a store owner. Jerry came to Crossroads with a wealth of knowledge and countless recipes that have come to be staples in our meat, deli, and bakery departments. Jerry's meats are not only fan favorites but are also award-winning.

When Jerry isn't at Crossroads, he enjoys being outdoors hunting, fishing, and gardening. He loves spending time with his wife Sheri, children Toby and Emily, and their families. Jerry has four grandchildren that help to keep him VERY active!

"I want us to be known for how we personalize everything and the satisfaction we provide; for the products we produce and the quality service our guests receive."

-Jerry
